

# PANEL DISCUSSION OF ALTERNATIVES TO ANIMAL MEAT

**DR. AGRIS PENTJUŠS**  
*Large Data and  
Computational Biology  
Group*

**ARTURS SULEIKO**  
*LSIWC  
Bioengineering  
department*

**DR. ANNE CHRISTINE  
STEENKJÆR HASTRUP**  
*Director at Danish Technological  
Institute in Center for Bioresources*

## TOPIC AND DISCUSSION

### Biotech substitute alternatives

What alternatives are available for meat substitution using biotechnological processes?  
What are the possibilities?

### Challenges of implementation

What needs to happen for the change to occur? Is it possible just with scaling? What considerations must be taken?

**27. NOV**  
**2023**

start from 3pm - 5 pm

Online panel discussion

**Register Now!**

Panel discussion is held within the project No. 1.1.1.1/21/A/044, co-funded by European Regional Development Fund.
